

DOI Work Activity 5T: Operate and Evaluate Trails

Program Area:	Recreation
End Outcome Goal:	REO 1 – Improve the Quality and Diversity of Recreation Experiences and Visitor Enjoyment on DOI Lands
Intermediate Outcome:	RIO 1.4 – Manage and Protect Recreational Resources and Users
DOI Sub process:	4c - Provide facilities for public benefit (construct, maintain, and operate projects and facilities)

Examples/Notes: Ranger patrols, clean-up, and access control on trails.

Work Activity Description: Manage and operate designated bike, hike, and horse trails within Interior lands. A recreation trails includes hiking pathways or horse trails, and excludes vehicular roads, campgrounds, picnic areas and boat ramps. Costs include ranger and other staff time to provide day-to-day operations and management, including patrols, clean-up work, and access control. This activity entails all effort to keep recreation trails clean, safe, accessible, and in good operating condition, aside from repairs and other types of annual and deferred maintenance (**see DOI Work Activity 5D: Maintain Trails**). **Excludes construction costs and costs to expand or upgrade a trail.**

Output: Miles of Trails operated/evaluated	Unit of Measure: Number of miles of trails operated/evaluated.
Inputs: staff, contracts, and materials needed for above activities	Cost Drivers: Policies, requirements, regulations, requests, and number of recreation sites and campgrounds for which maintenance was deferred, geographic location and site conditions, number of demand for recreation resources at the site.
